To whom it may concern,

The bearer of this letter is providing vital home watch services to absentee homeowners of Florida property. Property such as a single family dwelling, condo, townhouse, manufactured home, etc. This work is essential to providing support critical to these vacant homes to ensure they remain safe and systems are functioning properly. Our association respectfully request that the employee or business owner be permitted to travel freely from their home to the client's homes.

On April 1, 2020, Governor Ron DeSantis announced the safer-at-home order [Executive Order 20-91] requiring all persons in Florida limit movements and personal interactions outside of their essential home to only those necessary to obtain or provide essential services or conduct essential activities. In addition to identifying social workers according to the Department of Homeland Security, it also outlines permissible, essential services.

It is our position these services adhere to the guidelines within the recent Executive Order 20-91 from Governor Ron DeSantis. On **Page 15 paragraph 2 titled Public Works and Infrastructure Support Services** it reads:

Workers such as plumbers, electricians, exterminators, builders, contractors, HVAC technicians, landscapers, and other service providers who provide services that are necessary to maintaining the safety, sanitation, and essential operation of residences, businesses and buildings such as hospitals, senior living facilities, and temporary construction required to support COVID-19 response.

If you have any questions with regard to the bearer of this letter, the general services provided or our Association and our connection to said individual, please contact me directly at 941-275-6011.

Sincerely,

Bill Wright
